Dear Parents

Your son/daughter has expressed an interest in being part of this new program to be run at the College on Wednesday afternoons starting in week 2 Term 2. Stefan is a parent who has offered to raise the profile of basketball in the College by running a skills and drills session. Stefan coaches the 16s boys basketball team for the Hills Hornets so come with a wealth of knowledge and experience. At this stage there is no cost for these sessions. The sessions are open to all ages, Junior and Senior, boys & girls.

The aims of this program are to:

- Improve basketball skills and team play at the College
- Improve interaction between Junior and Senior students and build up mentoring through sport
- Work towards developing teams that would play in an afterschool basketball competition in the Hills district.

If you are happy for your son/daughter to be part of this program please return the slip attached by Friday 23rd April to Student Services.
